Volunteers :

Thankyou for assisting your Club with helping in the canteen

Here are a few simple things to remember to ensure your safety and Club success.

- 1. Children are NOT allowed in the canteen. This is for their own safety and Club policy***
- 2. Please try to be punctual so other volunteers are not doing unnecessary extra time and can leave to watch their children play***
- 3. Careful not to forget pies or sausage rolls that may be in the oven – tell someone they are there if you are finishing your shift. We cannot afford the financial loss of even a single pie!***
- 4. There is a communication book in the canteen, please feel free to write any stock required or suggestions you may have***
- 5. We have a new coffee machine and slushy machine. The Club is charged by the cup (electronically recorded) for coffee and by the container of cordial for the slushy machine. Please ensure ALL coffees are paid for and do not overfill slushy's. If we do not manage them correctly we will lose them from the canteen. NB Volunteers – please help yourself to a FREE cup of instant tea or coffee BUT please pay for the machine coffee (\$3) or slushy***

The club canteen is our major income source during the season and without this we would not be able to update our kids shirts, purchase new balls, maintain our facilities and have an end of year presentation SO please be careful with money and stock and thankyou so very much for donating your time to help our Club.
